March 2018

President's Report

Hello Club,

We are off to a great start! The February Indoor Fly-In was another success with a large group of pilots enjoying flying while the rain poured outside. We had quite a few visitors asking questions about what we do and how can they get involved. I saw many members taking time to talk to people and making them feel welcome.

In April we will be having our Spring work day. Please if at all possible, come out and help us to do what is needed to continue making our place great.

May will be the restart of Chillin & Grillin. I am looking forward to this and hope that everyone can come and see what a good time we have. Remember we will have it rain or shine, only lightning will cause us to reschedule.

The Spring Fun-Fly and Swap Meet is April 21st, now is the time to look through your pieces and parts to see if you have stuff that you would like to sale. Steve Hodges and I also spoke of our need for fellow members to volunteer to help with the event. I will have the signup sheet at the March meeting and hope you will be willing to help make this event another success.

Tim
