The President's Report

Hello Everyone,

I would like to thank everyone who made it to the last meeting. We had a good turn out. I would like to invite everyone to come early and get some flying in before the meeting, and stick around after the meeting and fly as well.

This month, we need to continue looking at the finance committee recommendations and proposed budget changes. Please review the proposed changes and be ready to discuss them at this month's meeting.

Hope to see every one at this month meeting come early and fly.

Safe Flying.

Skip

Next Meeting is:
Tuesday July 27th, 2004 6:45 PM at the
Bowser Ridge Model Airport.

The deadline for next month's newsletter will be August 10th, 2004.

From the Editor...

Please try to get articles and advertisements to me in the first two weeks of each month. This will insure that I have adequate time to get them in the newsletter. You can contact me by phone, letter, or e-mail.

Thank You
Roy "Eddie" Cline

Monthly Membership Meeting...

JOHNSON CITY RADIO CONTROLLERS MONTHLY MEETING MINUTES JUNE 29, 2004

Meeting Date June 29, 2004
Meeting start time 6:55PM
Number in attendance - 18

The meeting of the JCRC was called to order at 6:55PM.

MINUTES

Skip asked the membership about reading the minutes in the newsletter. No one offered modifications so Skip asked for a motion to accept the minutes. Alan Butler made the motion with Jim Porzig offering a second. The minutes were approved by the membership.

TREASURER'S REPORT

Vic Koenig was not present, so Skip asked the members to review last months report and that Vic would update the club at the next meeting. A motion was made to accept the Treasurer's report as read from last month. Dick Plum made the motion and Steve Weller seconded. The motion was passed by the membership.

COMMITTEE REPORTS

Don't forget that the July 10th fun fly is scheduled however, no one has volunteered to be the coordinator. Scott said he would assist if someone else would head up the fun fly. Scott made a motion to cancel the event due to lack of interest. Alan Butler seconded the motion and the motion was approved by the membership.

The work day is scheduled for July 17, 2004. Ed and Derwin will bring tractors to drag the road and bush

hog. This should be a fairly short field day. So if many show up, the field can be fixed up with little work.

EVENTS COMMITTEE

Don't forget the Cookeville fly-in on Aug. 7, 2004. This will be the last fly-in at their current site. This is a full-scale airport however; a school is taking over with campus and soccer fields. If you want to go, contact Skip.

August 21, 2004 is the Giant scale fly-in. Ed Fennell and Derwin Cartmell are heading this activity up. We need PA announcers and concession people to assist Eddie with the concession. Contact Ed or Derwin if you can help.

Sept. 25, 2004 is the club picnic. Bring a covered dish and or desert and the club will spring for the burgers, dogs and the drinks. This should be an enjoyable day of RC flying and swap meet, so bring a plane and enjoy the day. If you would like to assist, call Ed or Skip.

Oct. 16 is set aside for the fall clean up. Hopefully, we can spruce up and fertilize the field for next year.

Nov. 30 has been set up for a club dinner at the restaurant of choice. If you would like to coordinate this, call Skip so we can begin to plan.

MAINTENANCE

Rhea has done a good job of coordinating the mowing so far. There are still open dates so if you want to mow, call Rhea. Also, when you are mowing, take care of the mower so it will last. Mowing dates that are still open are; July 3, and July 24th.

FINANCE COMMITTEE

Scott Gizzie gave a presentation on the new dues program. This is a proposal that the membership will vote on. This was one of the meetings that were scheduled for communicating the new program. The voting will take place in Sept. and there are 2 more meetings to communicate the proposed changes.

Come to the meeting to get informed on the proposal so you can vote in Sept.

Nick Nicodemus brought up the potential for incorporation of the club. After discussion, Eddie made a motion to have Nick research the possibility of incorporating. Derwin seconded the motion and the membership approved the motion.

Eddie Cline has developed a new map for the club to distribute to local hobby shops.

A request was made to produce additional membership forms for new members and to place them in the box at the field.

Jim Porzig announced that Jim Mcneil passed away recently. He was our District representative for AMA.

Eddie stated that if you have had a phone change or address change, to let him know.

Scott Gizzie stated that the mowing process was still not working as well as it could. He recommended that a committee research the possibility of contracting the mowing to a commercial mowing company. Jerry Black said that he would look into the matter and get some cost estimates to discuss at a later meeting.

Rhea Starnes recommended that another test stand be built and placed behind the storage building so that a member could test an engine without bothering the members that were flying. Alan Butler volunteered to make another stand for that purpose.

Daniel Roberts won the door prize drawing. Drop by HobbyTown, AAA, and Ace Hardware and TNT to thank them for their support of our club. There being no further business, the meeting was adjourned.

Respectfully submitted by Ed Fennell

Budget Report:

Balance forward:	\$4423.53
Income:	\$ 237.00
Expences:	\$ 283.28
Balnce:	\$4277.25

submitted by Vic.

Reminder:

We will be discussing the suggested plans, and asking for comments and suggestions from the members this next meeting. We are asking all members to attend and voice their opinion. If you do not like what is being suggested please attend the meeting and offer your suggestions. If you do like what is being suggested then attend and make your thoughts known. Each member needs to take interest in this task at hand.

On The Building Board...

. It is always interesting to see what kinds of planes are being built by others in the club.

Take Note:

Our lease renewal is coming up this year. We are asking anyone who has photographs of the field before and after improvements to allow us to make copies which will be used in our presentation to the City. We need to put our resources together to present ourselves as a worthwhile organization. So that, the city will recognize that we have our and their best interest at heart.

Pattern Training and Contest

The first place winner was Allen Butler, he won with a 500 point margin. Number two was Kyle Skidmore and third was Ed McIntire. This was Ed's first competition and even though he was third, he wasn't too far behind Kyle, as I remember only 300 points or so.

Next year you better have a plane ready. If you want some coaching before the meet I'll be glad to do so.

Vic
