The Presidents Report

Hello Everyone,

Summer is coming to a close. The last few weeks have offered great flying weather. I hope everyone got out and burnt some fuel or drained some batteries, possibility both. Hopefully the plane has gone home in one piece, or at least large enough pieces to be put back together. Anyway, that is also part of the hobby. Lucky for us the weather in East Tennessee allows us to fly all winter as well.

Saturday September 24th is our club picnic. We will be eating around noon. Bring the family and your planes and let's make a day of it. The club will be supplying the meats and drinks. You bring a side dish and an appetite. We will put it all together and have a good time of fellowship.

Be safe and have fun
Eddie Cline

IMAA News ...

Chapter 693

<http://www.fly-ima.org>

If you are an IMAA member contact Ed Fennel to add your name to the JCRC chapter at no charge. Give him your IMAA number so that he can update the membership roster. His number is: (423) 538-9667

**Next Meeting is:
Tuesday September 27, 2005
6:45 PM at the airfield.**

Items for Sale:

- 1/3 scale Pober Pixie Ws 118 inches 2100 sq. inches weight 28 #s Plane Only \$ 350.00

The Minutes of the August meeting were not available at time of printing.

Editor's Corner

AMA Members Helping Members

As the tragic events along the Gulf Coast unfold, it has become painfully apparent that the number of fellow Americans in need of help from damages from Hurricane Katrina is enormous. It is not unreasonable to estimate that there will be half a million or more homeless Americans for many months to come.

Among them, unfortunately, are an unknown number of AMA members. Based on the information at hand, we at AMA estimate that as many as 1,500 members could be in dire need of help. These are areas in which the U.S. Postal Service has suspended service because its facilities have been severely damaged or even obliterated by the storm. While many Federal and State agencies are doing all that they can, the magnitude of this disaster means that we all need to do our part.

AMA is establishing a program to try to help those members in need by matching them with someone who can help. If you're in a position to provide temporary shelter, assist with transportation needs, or just help a fellow modeler find his or her way back to a normal life, call our toll-free Hurricane Katrina Modeler Assistance Hotline at (866) 286-3302. Our staff will take your name and some key information and try to match you with someone in need.

Many of us have an extra room, perhaps a spare car, or some other piece of equipment that's sitting around and could be put to good use during this time of unbelievable tragedy. I have volunteered space in my own home to assist this effort and I hope many of you will consider doing the same.

You can also register clicking here <http://www.modelaircraft.org/katrina/?section=register> and completing a simple form. That's all it takes. It's only a simple telephone call or Web site registration, yet that simple act can have a dramatic impact on someone's life during this critical period.

Aeromodelers are a brotherhood, and many of our brothers need your help. Let's all pitch in and help these people who have suffered an unbelievable loss get back on their feet as quickly as possible. It's the right thing to do and it is something we can all do to aid the recovery process.

As posted on the AMA web site.
